Join the Microsoft 365 Developer Program today!
Get an instant sandbox preconfigured with sample data, including Teams Developer Portal, and start developing on the Microsoft 365 platform.
Join now

You can go down and see benefits of joining the program

Microsoft 365 E5 instant sandbox

Cut your configuration time from days to seconds. Be your own administrator and prototype apps and solutions on your fully pre-provisioned sandbox subscription.

- Includes 25 user licenses for development purposes
- Preconfigured for sideloading Teams apps
- Fully loaded sample data with 16 sample users, user data, and content to help you model your solutions.
- Easy access to pre-provisioned core Microsoft 365 workloads and capabilities (Windows not included), including:
  - All Office 365 apps
  - Everything you need for Power Platform development
  - Office 365 Advanced Threat Protection
  - Advanced analytics with Power BI
  - Enterprise Mobility + Security (EMS) for compliance and information protection
  - Microsoft Entra ID for building advanced identity and access management solutions

Set up your Microsoft 365 E5 sandbox
Choose your Microsoft 365 E5 developer sandbox:
Instant sandbox
Includes everything you need to build Microsoft 365 apps and solutions.
The sandbox is preconfigured with 16 fictitious users, Microsoft Teams sample data pack with App Studio and custom apps preconfigured, and data for Microsoft Graph, SharePoint, and Office Add-ins development.
Users
Mail & Events
Microsoft Teams
SharePoint
This option does not require provisioning or manual set up. You create a password; your domain name is preconfigured and is not customizable.
Configurable sandbox
Configure your own sandbox from scratch. This subscription can take up to two days to provision and you must manually add sample data.
You can customize the domain name.
Domain name
mytenant.onmicrosoft.com
Renewable E5 subscription
